

Electrical Part for Forklifts

Electrical Part for Forklifts - Lift trucks along with other lift trucks can have particular labels utilized in some hazardous locations. The label denotes that this particular model of forklift meets the minimum standards of ANSI/UL 553 for electric forklifts or ANSI/UL 558 used for internal combustion engine lift trucks.

Applications for labeled forklifts can be found in National Fire Protection Association NFPA 505 - Powered Industrial forklifts including: Type Designations, Areas of Use, and Maintenance and Operation. Check with your local insurance carrier and Fire Marshall for more information on the permitted uses of industrial powered trucks in your application.

If the particular forklift satisfies the outlined criteria, labels may be put. A labeled forklift will show the type of designation placed on the nameplate and will have a properly corresponding label placed.
