Advance-Nilfisk Parts - Imagine how tedious it will really be to tidy up your own house after throwing a big party, without help from cleaning machines. In the past, when carpets and upholstery had the dust beat out of them by hand; cleaning cloths, brushes and brooms were the state-of-the-art cleaning supplies of that time.

The founder of Nilfisk-Advance, P.A. Fisker, began as an electrical engineer who really liked to work on electrical motors. After establishing his company during the year 1906, he began to produce motors to drive drills, coffee grinders, fans and machine tools. Mr. Fisker's vision from the start was to have an international company selling merchandise worldwide.

The Nilfisk C1 was an incredible breakthrough for the cleaning trade. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and can be operated by one person. This invention came in a time where other cleaning machines were massive and needed at least 4 operators, hence, the Nilfisk C1 changed everything and evolved the manner we clean forever. The mastermind behind these first cleaning equipment remains unparalleled. Cleaning equipment offer a brilliant solution to an existing problem; things get filthy and must be cleaned frequently, without too much effort.

Little by little, the company Nilfisk-Advance developed throughout the years. In the early 1980's the business developed fast when the business became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance ahead within the business, trying to be an active global player in making professional cleaning machines. Nilfisk-Advance is currently represented in every part of the globe due to gradually obtaining many smaller businesses to be able to develop their product portfolio and presence in new markets. They are proud to provide different cleaning solutions to fit every need.
